

ANTARCTIC RECORD Vol. 43, No. 2

CONTENTS

Scientific Paper

- Visual Sufficiency in food detection and initiation of feeding behaviour in
the Antarctic fish *Trematomus newnesi* BOULENGER
..... *Edith Fanta, Lucélia Donatti and Sandra Freiburger*221

Reports

- Activities of the summer party of the 37th Japanese Antarctic Research
Expedition in 1995–1996 (in Japanese)
..... *Hiroshi Kanda*237
- Activities of the wintering party of the 37th Japanese Antarctic Research
Expedition in 1996–1997 (in Japanese)
..... *Yoshiyuki Fujii and Kunio Kawada*255
- Unmanned observatory for auroral physics study on the Antarctic Conti-
nent
—Multipoint ground-based observations during the IMS period
(1976–1978)—(in Japanese)
..... *Masaru Ayukawa, Kazuo Makita, Hisao Yamagishi,*
Kenji Ishizawa and Natsuo Sato291
- Long-term culture of Antarctic seaweed, *Phyllophora antarctica*
(Rhodophyta), sampled at Syowa Station (in Japanese)
..... *Masao Ohno, Yoshitaka Kondo, Teruo Tobayama,*
Shigeru Sakakibara and Takao Hoshiai354
- Cruise observations in the Greenland Sea and Barents Sea, January 1999
..... *Hajime Ito*361

Symposium/Meeting Report

- Report of the meeting on the Antarctic great earthquake and the evolution
of the Antarctic plate (in Japanese)*Yoshifumi Nogi*366
